LaCie Dupli Disc DVD125

Professional duplication tower

EASY OPERATION
Designed for use in professional environments, the LaCie Dupli Disc DVD125 features intuitive menus, a user-friendly LCD interface, and one-touch CD and DVD duplication. Five system modes, including copy, test and verify options, accommodate multiple recording purposes.

FAST, AUTONOMOUS DUPLICATION
The Dupli Disc DVD125 saves valuable time by allowing users to create five CD/DVDs simultaneously or erase DVD-RW and CD-RW discs, without utilizing the computer's resources. This intuitive system automatically recognizes DVD and CD formats for fast and hassle-free duplication.

VERSATILE FUNCTIONALITY
The LaCie Dupli Disc DVD125 incorporates smart controller technology, five CD and DVD writers, and a number of innovative functions including the ability to adjust duplication speed in manual mode.

VARIETY OF APPLICATIONS
The Dupli Disc DVD125 allows users to duplicate valuable digital audio and data on CD and DVD discs including multimedia presentations and DVD creations. Compatible with most CD and DVD formats, the LaCie Dupli Disc DVD125 is the perfect duplicator for professionals seeking autonomous DVD and CD duplication.
